

EDWARDS INTERFAITH CHAPEL
Center for Community

Welcome to the Edwards Interfaith Chapel and Community Center! The Vail Valley enjoys one of the finest interfaith communities in the world today, and this chapel is a shining example of that spirit of cooperation.

Created by a partnership of Christian and Jewish congregations, this building has been a true labor of love and dedication, taking 16 years from concept to completion. In 1994, a group of dedicated citizens and leaders started dreaming, planning and ultimately building this fabulous facility. Through the process, 12 clergy

and over three dozen board members as well as hundreds of people making financial contributions (many anonymously), have helped make this center a reality.

We now welcome you and invite you to experience the Valley's newest venue by hosting your event here. This center was created with the intention of serving the community with features like a commercial kitchen, state of the art audio visual equipment, classrooms, meeting rooms and spaces for worship and celebration.

Come see what makes this facility so special!
